

ISTROUMA SPORTS

COVID PROTOCOL

This protocol was created under the direction of the Istroma Baptist Church medical team. While some guidelines may be inconvenient, the protocol is designed for the safety of all staff, volunteers, players, and families at Istroma Sports. Our desire is for kids to play basketball and families to spectate games and practices in a safe environment. We hope you come alongside us to follow this COVID Protocol so we can enjoy this basketball season during a difficult time.
